A Tender submission shall be deemed to be accepted when a Resolution has been issued by
Council. The award for this Tender is subject to Council approval and budgetary restrictions.

Alteration or Withdrawal of Tenders

A Tender may be altered by submitting another Tender at any time up to the specified time and
date for Tender closing. The last Tender received shall supersede and invalidate all Tender
previously received by the Contractor for that contract.

The contractor may withdraw the Tender at any time up to the specified time and date for the
Tender closing by submitting a letter bearing the contractors signature. Telegrams, faxes or
telephone calls will not be accepted

Unbalanced Tender and Discrepancies

Wherever in a Tender the amount for an item does not agree with the total of the estimated
quantity and the Tender unit price, the unit price shall govern the amount and the Total Product
Price shall be corrected accordingly, unless otherwise decided by the owner.

It is agreed that the Tender quantities are estimated only and may be increased or decreased by
the Township.
Assessment of Tenders

The Tenders received will be considered primarily but not limited to the following criteria:

- Company expertise and experience in this type of work – number of years
- Client references - at least 4
- Company Staff experience –site supervisor, foreman, chipper & spreader operators
- Equipment & Application Widths - (Maximum widths per single pass)
- Cost Tender - $ / m²

Liability Insurance

The Contractor shall take out and keep in force until the date of the end of the contract. A comprehensive policy of public liability and property damage insurance acceptable to the Township providing insurance coverage in respect of any one accident to the limit of at least $5,000,000.00 exclusive of interest and cost, against loss or damage resulting from bodily injury to, or death of, one or more persons and loss of or damage to property and such policy shall name the Township as an additional insured there under and shall protect the Township against all claims for all damage or injury including death to any person or persons and for damage to any property of the Township or any other public or private property resulting from or arising out of any act of omission on the part of the Contractor or any of his servants or agents during the execution of the contract and the Contractor shall forward a certified copy of the policy or certificate thereof to the Township before the work is started.

The Contractor shall hold the Corporation harmless of any claims whatsoever that may arise from the Contractor's operations under this contract.

POLICY NUMBER: _______________________________________

INdurance CO.  _______________________________________

AMOUNT:   _______________________________________

EXPIRY DATE:  _______________________________________

The Contractor covenants and agrees to indemnify and save harmless the Township of Georgian Bluffs from all claims by third parties arising out of the performance of this agreement.

Director of Operations

The Director of Operations shall be interpreted as the road authority for the Council of the Township of Georgian Bluffs, or such other person, partnership or corporation as may be authorized by the Council to act on their behalf in any particular capacity.
3.0 Scope of the Work

The Township of Georgian Bluffs has approximately 56,000m² of single treatment and 84,000m² double treatment road to resurface. The Township requires a price per sq. meter for single and double treatment.

The Contractor shall be able to demonstrate that it has the equipment, experience and staff capable of meeting or exceeding the provisions of the Ontario Provincial Standards Specification (OPSS). All products must be approved by Township Staff and meet the above mentioned specifications as minimum criteria.

Contract

The “Preferred Tender” must be prepared to enter into an agreement based on the contents of its submission and Form of Tender. The Township reserves the right to negotiate details of any contract and to make the necessary changes or substitution within the general scope of the contract or other tasks as assigned.

Continuation of Traffic Flow

The Contractor shall be responsible for ensuring that traffic will be maintained at all times during the resurfacing. He shall do this as per Book 7 requirements. The cost of which shall be included in the bid items of the contract.

Traffic Control and Signing

The bidder shall supply Traffic Control and Signing as stated in Book 7 – Temporary Conditions (and the Temporary Conditions Field Edition) of the Ontario Traffic Manual. The Control and Signing shall be included in the unit costs of the work and no extra money shall be paid to the Bidder. Upon request the Bidder shall submit a sample copy of the Bidder’s Work Plan as per Book 7 of the Ontario Traffic Manual.

Work Additional to Quote

After the award of this contract, the Township retains the right to negotiate with the successful Contractor for optional roadwork to be performed on the Township roads. The Contractor is to base his price for additional work on original quoted unit prices.

The Corporation, as required by the Ministry of Labour Section 213/91 as per the Health and Safety Act of Ontario, will file notice of this project, with proper authorities prior to the start of the project. The successful contractor must adhere to all guidelines.

Contractors Equipment

Application equipment must be suitable for single and double surface treatment application; all equipment must be maintained in good order to minimize downtown. It is an expectation that any downtime will be rectified immediately through repairs and if necessary backup equipment in place to ensure a continuous application program.
Financial Obligations

The Contractor shall discharge all liabilities incurred by him for labour, materials and services used or reasonably required for use in the performance of this agreement on the date upon which each becomes due and all liabilities incidental thereto.

The Contractor will operate the equipment himself or provide at his own cost, competent operators, and will, when so required at any time furnish evidence satisfactory to the Director of Operations, that all wages due to any such operator have been paid.

Acceptance of Materials

All material must be acceptable to the Township and comply with the OPSS specifications. Should any load appear not to comply with the specification an immediate stop work order may be issued by the Township. The Township shall not be subject to any costs for such loads. The Township shall then order geotechnical sampling and testing. Based on the resulting certified geotechnical analysis non-compliant material may be ordered removed by the supplier at supplier cost, at the Township’s sole discretion. Refer to OPSS specifications.
