Township of Georgian Bluffs

re: Development Agreement, Michael Smart , James MacKinnon , 1256585 Ontario Inc. , Francis Lake .

Dear sir

Further to my previous correspondence please accept this communication as a request from the above mentioned parties that the Municipality in accordance with paragraph 1.6 of the Development Agreement between the parties assume the roads and the water front lot with the SWIM works at this time .

This request is consistent with the verbal intent provided during construction of the Works by the then Director of Operations/acting CAO Rick Winters .

Your Councils consideration of this request would be appreciated .

All the 17 lots covered by the Agreement have been sold and as you know a number of residences have either been built or are under construction .

Councils consideration of this request would be appreciated .

Michael Smart
James MACKINNON
1256585 Ontario Inc .
