Re: Formal Request for the Provision of Municipal Water Service to Residential Properties Along Old Mill Road

To Whom it May Concern,

By way of this letter, we are hereby requesting council to reconsider extending the township waterline further down Old Mill Road in Georgian Bluffs. We are building new houses at both 214 Old Mill Road and 218 Old Mill Road. The construction should be completed by May 2022.

We understand this municipal water service extension has been proposed in the past, but there may now be more people besides us interested in connecting to the municipal waterline. After consulting with Brian Anderson at the Township offices, he suggested that we reach out to you directly so that you might submit this request at the next township council meeting in mid June.

Thank you in advance for your consideration in this matter.

Sincerely,

Jeff Freeman
