

**Subject: Sutacriti**

Dear Mayor,

We are writing to voice our concern with regard to how the decisions with regard to the Sutacriti Park/Boat Launch were made and implemented.

Specifically, we are dismayed that the decisions and discussion regarding the park area, were not wholly representative of the residents of the area.

The “concerns” that were put forward to Council were in no way representative of the larger community. We, like many others, never had the opportunity to engage in any discussion or information sharing regarding the Park area.

To date, we have responded to an email that was sent out on the local “email line” and, in turn, suggested that an Association for the whole community be established that could be more fully representative of everyone for issues that arise. We have received many responses from neighbours that indicate that they too want to have a voice in the community and are equally concerned that decisions made by Council were not, in fact, reflective of their views.

Thank you,

Pat and Wayne Shutak-Cowell
