

> I would like to voice my concerns over the closing of the boat launch at Presquille. Having lived here for years and having the option launching our dingy and kayaks from the boat launch was one of our Deciding factors for moving here. We don't use it on a regular basis but do use it several times a year in the spring summer and fall. We have deeded access to the water but in the last few years as water levels have gone up we can longer pull our kayaks and dingy on shore and must pull them from the water every time we use them. It is a shame that it was voted on becoming closed. We are a small community at Presquille and the launching area is a real asset to us, leaving Balmy beach as the closest launch for us to use. Being seniors it is not possible to carry our toys down to the water to use anymore, and to kayak at Balmy isn't on my wish list. Please reconsider the vote on this precious asset to our community and take the opinion of a few that may have made the request. Thanks in advance.
