

Subject: Sutacriti Water Access
Date: September 7, 2020 7:03:14 PM

I am a local resident in the area of Sutacriti Park. I am speaking for several local families including myself who are concerned with the decision to block water access at the Sutacriti Park right of way. This decision has failed to consider or consult the local neighbourhood who use this access to launch boats and other watercraft. I am aware of several families who use this access on a regular basis to launch, and in some cases have done so for well over a decade. Will the Township be providing alternate access in the area or could there not be alternate arrangements made for gated access and or limited parking at this right of way? If you could kindly respond and let us know what can be done to resolve this issue it would be most appreciated.

Regards,

Scotty Gass and family
