

We the undersigned, residents of Old Mill Road , Georgian Bluffs, are submitting this petition to reduce the speed limit from 50km/hr to 40 km/hr for the following reasons;

- safety of people crossing the road to the shore ( especially children)
- Safety of residents / vehicles pulling out of their driveway
- 50 km/hr feels too fast when driving along Old Mill Road due to the curves and visibility and lack of reaction time at that speed ( also there is no shoulder on either side).
- There is increased foot traffic in the summer
- ideally this reduction in speed limit should include Havelock Street.
