Subject: proposed Radbourne development on Maple Ridge Rd.
Date: Tuesday, January 11, 2022 4:00:01 PM

Attention Jenn Burnett/Council members

It is our concern that the current water supply infrastructure may NOT be adequate to service an additional 3 to 4 homes on Maple Ridge Rd. If up grades to the water system are required the cost of such up grades should be the responsibility of the developers NOT the current residents. If in fact this cost to up grade the current water system is to be transferred to the current residents then we are EVHEMENTLY OPPOSE to this development.

Larry MacLean/Jaye Wigston
