---

I, Angela Renaud, have no concerns to the zoning amendment application Z-18-22, severence applications B24/22, and B25/22 and the site plan control application SP-13-22 to address the EIS mitigation measures. I am concerned that future development in the proposed ammendments could affect my property. I wish to be notified of the decision of the Council of the Township of Georgian Bluffs on the proposed zoning by-law amendment and any future proposals.

Sincerely,  
Angela Renaud
