Subject: Gisela Roux -support Kilsyth turf arena

To whom it may concern.

As parent of elementary and high school children, there is not even a doubt in my mind that a year round turf facility in or around Owen Sound will be very very beneficial and used year round. If this turf facility can be multi used sport facility. Even basketball , lacrosse teams and pickle-ball. This way it will be a facility that can be multi generational and keep our community engaged and active.

I truly think we need something like this.

The YMCA has specific programs, but a year round sport facility will fill in the gaps what the existing facilities don't offer.

Regards
