CLEAN ENERGY FRONTIER SUMMIT 2024

FRIDAY, JANUARY 19, 2024

Please join us for a day of interactive and engaging discussion on the future of clean energy production and the potential for new large-scale infrastructure projects in the Clean Energy Frontier region.

Engage with a diverse network of fellow leaders and hear directly from organizations leading projects and initiatives contributing to sustainable economic growth. Together we will ask questions, exploring the challenges and opportunities of large-scale energy projects within our communities.

With panel discussions and keynote speakers, the 2024 Summit is designed to bring local officials, staff and industry partners together to achieve a clean energy future.
